SUMMONS.

IN THE DISTRICT COURT OF THE STATE of Nevada, in and for the county of Washoe. The State of Nevada sends to Paul Willett, in an action commenced against you as defendant, by Mary Elizabeth Willett, as plaintiff, in the District Court of the State of Nevada, in and for the county of Washoe, and answer the complaint therein within ten days after the service on you of this summons, (exclusive of the day of service), if served in said county, or twenty days if served out of said county, but within the time specified in the prayer of the complaint, or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to recover a divorce from the bonds of matrimony existing between you and plaintiff, and for the custody of your child, and her minor children, viz: Albert P., aged 13, Mary T., 10; Robert S., Ann, 7, and George 3 years, on grounds alleged of your wilful desertion of her one year; of your habitual gross drunkenness contracted since marriage with her, incapacitating you from contributing your share to the support of her and your family, and your refusal to provide the common necessities for her and your family, where such neglect was not the result of poverty, but of your part which you could not have avoided by ordinary industry, for one year and more; that you are harsh and of evil manners and example to your children, unfit to have custody of your children, and she is fit and proper to be their guardian; that you and she were married the 15th day of March, 1874, and that she has resided six months and more before the commencement of this suit in Washoe county, State of Nevada, and which will more fully appear from the complaint which is on file in the office of the Clerk of said Court at Reno, in said county, and to which you are especially referred. And you are further notified, that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.

In testimony whereof, I have hereunto set my hand this 24th day of July, 1888.

J. HOS. E. HAYDON,
Plaintiff's Attorney.

July 23-6w

SUMMONS.

IN THE DISTRICT Court of the State of Nevada, in and for the county of Washoe. This State of Nevada sends to George C. Murray, in an action commenced against you as defendant, by Mary Murray, as plaintiff, in the District Court of the State of Nevada, in and for the county of Washoe, State of Nevada, and answer the complaint therein within ten days after the service on you of this summons—exclusive of the day of service—if served in said county, or twenty days if served out of said county, but within the time specified in the prayer of said complaint. The said action is brought to recover a divorce from the bonds of matrimony existing between plaintiff and defendant, upon the grounds of the desertion and abandonment of plaintiff by defendant without cause, provocation or excuse, on the 10th day of May, 1887, continued hereto, against the will and consent of plaintiff, and without her concurrence or procurement, and that plaintiff be decreed the right to recover her maiden name, and to recover her costs herein, all of which will more fully appear from the complaint which is on file in the office of the Clerk of said Court at Reno, in said county. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.

In testimony whereof, I, T. V. Julien, Clerk of the District Court of the State of Nevada, in and for Washoe county, do hereby certify the foregoing to be a true and correct copy of the original of said complaint, and of the summons thereon, as the same appear from the records of said Court, this 24th day of June, A. D. 1888.

T. V. JULIEN,
Clerk of the District Court of the State of Nevada, in and for Washoe county.

SUMMONS.

IN THE DISTRICT Court of the State of Nevada, in and for the county of Washoe. The State of Nevada sends to John Gardner, in an action commenced against you as defendant, by Eliza B. Gardner, as plaintiff, in the District Court of the State of Nevada, in and for the county of Washoe, State of Nevada, and answer the complaint therein within ten days after the service on you of this summons—exclusive of the day of service—if served in said county, or twenty days if served out of said county, but within the time specified in the prayer of said complaint. The said action is brought to obtain the judgment and decree of the Court dissolving the bonds of matrimony heretofore existing between you and plaintiff, and also for the care and custody of the minor child, William Henry Gardner, all of which will more fully appear from the complaint, which is on file in the office of the Clerk of said Court, at Reno, in said county. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.

In testimony whereof, I, T. V. Julien, Clerk of the District Court of the State of Nevada, in and for Washoe county, do hereby certify the foregoing to be a true and correct copy of the original of said complaint, and of the summons thereon, as the same appear from the records of said Court, this 4th day of June, A. D. 1888.

T. V. JULIEN,
Clerk of the District Court of the State of Nevada, in and for Washoe county.

NATIONAL
Republican Ticket.
FOR PRESIDENT,
BENJAMIN HARRISON
OF INDIANA.
FOR VICE-PRESIDENT
LEVI P. MORTON,
OF NEW YORK.

A U. S. LAND COURT.
The House Passes a Bill Calculated to Remedy Many Evils.

WASHINGTON, July 26th.—The House to-day took up and considered the bill to establish a United States Land Court and to provide for judicial investigation of the settlement of private land claims in the Territories of Arizona and New Mexico and the State of Colorado. It establishes a United States Land Court, to consist of a Chief Justice and two Associate Justices, to be appointed by the President by and with the advice and consent of the Senate.

Smith, of Arizona, offered an amendment exempting Arizona from the provisions of the bill, contending that it would prove to be a great hardship to bona fide settlers in that Territory.

An amendment was adopted reducing from four to two years the period of continuous occupancy which shall be evidence of title or ownership, and an amendment was adopted giving the right of appeal from a department court to a court in bank in all cases.

Smith's amendment exempting Arizona from the provisions of the bill was agreed to, and the bill as amended was passed.

BLAINE'S POPULARITY.

What makes James G. Blaine the most popular man with the people of the United States? It is not his intellectual brilliancy, for in that regard he has been equaled by other of his countrymen; it is not his literary fame or ability, for there have been greater writers than he; it is not his eloquence, for greater orators than he have strutted the stage and are now forgotten.

No, his popularity is due to one thing, and one only, and that is his genuine, consistent, unwavering Americanism. No matter where he may be or under what conditions, he never falters in his devotion to the principles of American liberty, nor does he for a moment forget that he is a citizen of the greatest nation the world has ever seen. This is what endears him to his fellow-countrymen and causes them to recognize him as a true representative American.

But this implies a great deal more than appears on the surface. It means not only a national pride, which any one may possess, but a keen and abiding interest in the welfare of the people of America, the outgrowth of which is the sentiment of protection. It would be impossible for Mr. Blaine to be a free trader knowing as he does the condition of the working men of the United States, and understanding as clearly as he does the inevitable result of the adoption of a free trade policy. Mr. Blaine's devotion to the underlying principle of protection is in no wise dependent upon his political aspirations. He is a protectionist, not because that is the policy of the Republican party, but because, with his wonderfully clear insight into industrial questions and questions of wages and the like, he sees that the prosperity of the United States is absolutely bound up in the maintenance of that system. He is the friend of every American workingman, and, being such, he must be, as he is, an ardent protectionist.—San Francisco Chronicle.

Congressman Mason, of Indiana, at the headquarters of the Republican National Committee was asked about the prospects of carrying Indiana. "There isn't a doubt about it," he said, "We'll change enough votes in Indianapolis alone to move the State to Harrison, to say nothing of the way in which the old soldiers will vote against Cleveland. Indiana is safely Republican."

The Senate Thursday passed the Army Appropriation bill with an amendment offered by Senator Hawley appropriating \$750,000 for an armory gun factory at the Watervliet Arsenal, New York; \$5,000,000 for the purchase of steel for high-power coast defense guns; \$500,000 for the purchase of sub-marine wires, and \$100,000 for sub-marine controllable torpedoes.

Congressman Morrow predicts California will go Republican on the free-trade issue by 15,000 majority at least.

Throughout the United States the Republicans are united and confident of success.

Senator Sherman and General Alger will take active part in the campaign.

A war of freight rates has been begun by the trunk lines.

Opposed to Cleveland.

New York, July 25.—Alexander Agar, who for thirty years has been a Democrat and the head of a large stationery and paper business in William street in this city, cannot support Cleveland. The reason he gives is Cleveland's message and the Mills bill. He says under the high tariff in 1883 his receipts from imported paper were \$19,400 67. In 1887, after the tariff had been reduced 10 per cent, his receipts swelled to \$242,216 27. That meant that \$222,000 worth of paper had come into the country from Norway and elsewhere in excess of what had come in under a higher tariff. In Norway the pay of woman in the paper-mills is 15 cents per day and that of men 25. Under free trade we would have to compete with the Norway cheap labor.

The Young Men's Republican Club of Reno will be composed of the best Washoe county men, and as those over fifty, like Lindsay, Nasby and Chamberlain, are eligible to membership, the chances are that it will be one of the largest clubs in the State.—Carson Tribune.

Syrup of Figs

Is Nature's own true laxative. It is the most easily taken, and the most effective remedy known to cleanse the system when Bilious or Costive; to dispel Headaches, Cold and Fevers; to Cure Habitual Constipation, Indigestion, Piles, etc. Manufactured only by the California Fig Syrup Company, San Francisco, Cal. Sold by Wm. Pinniger, Reno.

A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the Throat and Lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing Consumption and to the head, causing Catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may lose you your life. As soon as you feel that something is wrong with your Throat, Lungs or Nostrils, obtain a bottle of Boecher's German Syrup. It will give you immediate relief.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. feb. 21-saw f-1v

NEW TO-DAY.

WARNER'S SAFE CURE

1 has been before the public now about ten years, and in that time has proved itself to be all that it has been represented.

2 It is purely vegetable, contains nothing harmful, and DOES purify the blood and CURE disease, as it puts the kidneys, the only blood-purifying organs, in complete health.

3 It Cures Permanently. We have tens of thousands of testimonials to this effect from people who were cured years ago and who are well to-day.

4 It is a Scientific Specific, was not put upon the market until thoroughly tested, and has the endorsement of Prof. S. A. Lattimore, M. A., Ph., LL. D., Official Analyst of foods and medicines, N. Y. State Board of Health, and scores of eminent chemists, physicians and professional experts.

5 H. H. Warner & Co., do not cure everything from one bottle, they having a specific for each important disease. Fight shy of any preparation which claims infallibility.

6 The testimonials printed by H. H. Warner & Co. are, so far as they know, positively genuine. For the past five years they have had a standing offer of \$5,000 for proof to the contrary. If you are sick and want to get well, use

WARNER'S SAFE CURE.

ASSESSMENT NOTICE.

WESTERN NEVADA GOLD AND SILVER Mining Company, Principal place of business, Reno, Nevada; location of works, Peavine District, Washoe county, Nevada. Not ce is hereby given that at a meeting of the Board of Trustees of the above entitled Western Nevada Gold and Silver Mining Company, held on the 27th day of July, A. D. 1888, an assessment (No. 3) of one (1) cent per share was levied upon each and every share of the capital stock of said Western Nevada Gold and Silver Mining Company. Said assessment is payable immediately to the Secretary of the company, at the office of the company, in Standard building, Reno, N. V. All shares of said stock upon which the assessment is unpaid prior to the

27th Day of August, A. D. 1888.

Will be deemed delinquent and will be advertised as delinquent, and if not paid before the 31st day of September, A. D. 1888, will be sold, or as much thereof as may be necessary to pay such assessment, together with the cost of advertising and expenses of sale.

C. COLEMAN, Secretary Western Nevada G. and S. M. Co.

NOTICE OF ANNUAL MEETING.

THE ANNUAL MEETING OF THE STOCKHOLDERS OF THE Western Nevada Gold and Silver Mining Company will be held at the office of the company in Room 1, Standard building, in Reno, Washoe county, Nevada, on Monday, the 27th day of August, 1888, at 7 P. M., for the election of a Board of Trustees for the ensuing year and to transact any proper business that may come before the meeting. Transfer Book will be closed on Monday, August 20, 1888, and remain closed until August 20, 1888. C. COLEMAN, Secretary.

TOWN AND COUNTY.

BREVITIES

Circus to-night.
Harry Davis, of the Depot, is doing Tahoe.

Geo. Small came in from the north yesterday.

J. B. Francis and family are rusticated at Lake Tahoe.

The fruit crop of Lassen county is beginning to ripen.

Mrs. J. E. Crooks, of Bonicia, Cal., is visiting in Reno.

C. C. Downing and wife returned Thursday from their Eastern visit.

Ritenburg & Dows contemplate opening a photograph gallery in Reno.

Weekly JOURNAL to-day. A paper Reno may well have an abiding interest in.

Dave Dysart, of the Mountain Ice Co., was down from the cold regions of the Truckee last evening.

Don't fail to take in the scenic panorama of the Comstock mines at the Opera House Monday evening.

The Western Nevada C. & S. M. Co., has levied an assessment of one cent per share, delinquent August 27th.

M. H. DeYoung, of the San Francisco Chronicle, passed west last night. He is confident of Republican success this Fall.

The ladies of the Trinity Church Guild will meet at the residence of Mrs. Chambers, on Virginia St., this afternoon.

It is expected that the August bullion yield of the Con. Cal. & Va. mine will exceed that of any single month since the new ore discovery in 1886.

Mrs. A. C. Bishop and children, who have resided in Carson since their return from Montana, have gone to San Francisco, where they will hereafter reside.

The Pelton wheels on the surface and in the C. & C. shaft are now running the California battery mill, and sixty stamps are now pulverizing Con. Cal. & Va. ore.

The annual meeting of the stockholders of the Western Nevada Gold and Silver Mining Company will be held on Monday, the 27th day of August. See notice elsewhere.

A. C. Webb, who has for a long time been in the store of E. C. Leadbetter, has been employed as principal of the Paradise schools. He will soon leave for his new field of labor.

The Raville says John Webster has bought and paid for the old Battle Mountain copper mines, and will commence work as soon as boarding houses and other necessary buildings can be erected.

DEPOT HOTEL CHANGE.—J. A. Fitzgerald has sold his interest in the Depot Hotel, to R. W. Parry, who will, after the 1st of August, be sole proprietor. Fitz. has not decided just what he will do or where he will go in the future, but will not leave Reno for some time to come. The Depot has had remarkable success and good luck under Parry & Fitzgerald, and the traveling and local public will regret the retirement of the latter. Bob will sail along as usual, and the JOURNAL wishes him prosperity.

THE S. F. POST ON CHOLLAR ORE.—According to the mining editor of the San Francisco Post, the area of ore stripped in the Chollar mine represents a bullion value of \$100,000,000. At the present quoted price of Chollar shares the mine is selling for less than \$400,000. If the Post man can prove his assertion—which is extremely doubtful—capital could seek no better return for investment than to acquire control of that property.

INSTRUCTIONS TO POSTMASTERS.—Postmaster General Dickenson has issued a circular letter instructing Postmasters that under the provisions of the Post-office Appropriation bill recently passed by Congress, postage on seeds, cuttings, bulbs, roots, scions, and plants will be charged at the rate of one cent for each two ounces or fractions thereof. The former rate was one cent per ounce.

HONEY.—Brad Moore, the honey manufacturer of Nevada, has received a dispatch from the trio State Fair of Ohio, Michigan and Indiana, to send specimens of the honey manufactured by him and his bees at the Reno apiary and has sent bottles of such a quality as the Eastern folks will be surprised at.

SODA WATER.—Henry Robins still continues to manufacture the finest of Summer drinks—soda water, sarsaparilla, ginger ale, sarsaparilla and iron, etc. Henry can be found on Centre street, back of the Palace Hotel. When in want of cool temperance drinks give him a call.

NEW STATE FAIR GROUNDS.

Views of One Not a Member of the Board.

By request of persons residing in Virginia City, Carson and Douglas county, a Carson Tribune reporter paid a visit to the new State Fair grounds at Reno and with very much pleasure commends the action of the Board of Directors in selecting so splendid a plot of ground for the State Agricultural Society, for nowhere in Nevada could so rich a piece of land be purchased as that here referred to. In the start it may be well to state that the Board of Directors is composed of the following well-known and responsible gentlemen: President Theo. Winters; Messrs. T. B. Riekey, Fred Danberg, J. P. Sweeny, C. C. Fowning, W. S. Bailey, Joseph Marzden, L. J. Flint, Alvaro Evans, Al. White and B. F. Loete and the Finance Committee of the following named sterling gentlemen of Reno: W. O. H. Martin, J. A. Fitzgerald, T. K. Hymers, O. Lamery and A. Bonson, all hard workers in the cause and largely interested.

THE RACE TRACK.

It will be best to describe the road to the Fair grounds and the distance therefrom to the railroad depot before referring to the work done on the ground, as very much has been written and said concerning the location and the inconvenience that must accrue to visitors in consequence of the change made by the Directors. From the Depot Hotel you go one block north, then east a quarter of a mile to the fine 80-foot road half a mile long to the Fair grounds. The road is the finest in Nevada, will have a plank side walk and be kept watered all through the Summer season.

The grounds are supervised by Mr. Alvaro Evans, and in this work he is assisted by Mr. Fitzgerald and other members of the Financial Committee. The grand stand, which is fast nearing completion, is built on a rock foundation, and is so solid as regards timber and fastenings that a cyclone could not move it. It is 150 feet long by 25 broad, and the seats will be so arranged that there will be sitting room for 1,200 people without crowding.

A grand feature on the new grounds is building the judges' stand immediately in front of the grand stand, by which means the view of the entire track is left open to spectators.

There are 200 stalls, covering a space of a quarter of a mile, and all of them are so arranged that both animals and attendants can sleep comfortably.

The right of water from Bradley & Russell's ditch was secured by the Directors in the purchase of the property and such arrangements have been made that not only can the track and the road from the town be watered, but in case of fire either in the grand stand or the stalls, a stream can be poured on them instantly; in fact the new Fair grounds are so superior to the old one in point of location, value of land and everything that goes to do honor to a State that a comparison is simply ridiculous.

The property cost \$15,000 and can be sold for \$20,000 to-day, and when all the contemplated improvements are made it will be a picnic as well as a Fair ground and an honor to the State of Nevada.

The Finance Committee collected from the business men of Reno, \$3,000 to pay the present expenditures.

More of the State Fair grounds in the future.

MEETING LAST NIGHT.—The Reno Republican Club met last evening at McKissick's Opera House under very favorable auspices, quite a large crowd being in attendance. The Committee on Permanent Organization reported S. J. Hodgkinson, President; W. D. Phillips, W. O. H. Martin and C. A. Bragg, Vice-President; H. J. Thyes, Secretary; F. L. Lee, Assistant Secretary. The report was adopted as read. The Committee on Constitution reported that all citizens of the county, or who will be at the next election, who will support Harrison and Morton, would be entitled to membership in the club. It was decided that the club should be supported by voluntary contributions. The roll for membership was then opened and signed by sixty-five. It was moved and carried that McKissick's Opera House be engaged as a place of meeting. It was also moved that the roll of membership be left at the office of Mr. Borton for the convenience of persons who wish to join. After several stirring speeches by Messrs. Fish, Beck, Fulton and others the meeting adjourned until August 10th. During the meeting it was enlivened by patriotic strains from the McKissick Opera Band.

THE N. & C. RAILROAD.—The Lassen Advocate is informed that a small force of graders are employed in extending the N. & C. railroad down Loux Valley, and that the graders' camp has recently been moved four miles below Doyle's station. No one seems to know just where the road is headed for, but it seems evident that it will go east of Honey Lake. If however, more energetic effort should not be made in the future, it will be a long time before the road reaches any permanent point. It is forty-five miles from Susanville to Doyle, which is the nearest station.

"HOME!"

Why Reno is the Best Place in the World to Live.

R. L. Fulton contributes the following to N. A. Hummel's "General History and Resources of Washoe County, Nevada," which contains some good reasons why Reno is a town of homes:

Love of home is a strong attribute of the human mind, and it is a mean man who will not put his best foot forward when discussing his own county. The writer was recently questioned by a party of boom-seekers about Reno as a place to live, and promptly said: "It is the best place in the world." A bright looking man suggested, "You mean the best in Nevada," but was answered, "No; I mean the best in the world," and being put upon his mettle, the next thing was to prove it. As all error contains a grain of truth, there is much reason even in this extreme statement. Reno, in common with the rest of Nevada, has no floods, no tornadoes and no epidemics. Its high altitude and dry air secure it from the possibility of those dreadful scourges that periodically paralyze so many less favored lands. No portion of America has suffered less from earthquakes, while malaria, hydrophobia and sunstroke are unknown. Although every one remarks the absence of the beautiful forests and bright verdure with which a heavier rainfall clothes nature east of the mountains, yet Washoe provides as well for the limited number who live on her resources as any land beneath the sun. If people here practiced a tithe of the economy of China, where they farm the land with a spoon; or of France, where they farm it with a spade; or even of the Eastern States, everybody would be rich. But our farmers would rather live rich than die rich, although many of them do both: so they indulge their travel and dress, church or theater, while many play billiards and smoke cigars; and they can afford to do so, when they get two hundred dollar land for forty. So long as the markets are as they are now, the farmwife can keep help, the farmer can hire even his buggy team hitched up, and they can be the lady and gentleman of the ranch, instead of the plodding farmer and his wife as seen in older countries.

But the pressure of population is forcing people in upon us, and the landowner who has not the energy or prudence to use the resources at his hand will be displaced soon, and the method of the pioneer will give way to the closer calculations of the scientific agriculturist and arborist. Those who cannot see any undeveloped resources in this county must indeed be blind. The most careless observer who has visited both places must know that, compared with the Los Angeles country, Washoe county has ten times as much water and five times as much good land. It is no further from Reno to the brown hills east than it is from Los Angeles to the Sierra Madre, and this valley is only a fraction of the land within reach of the Truckee's waters. The valleys to the north and east of Reno would support as many people as Washoe county now has, if irrigated and farmed, and we can afford to exchange the oranges of Los Angeles for the firm and luscious apples of the eastern foothills, the fig for the Washoe potato, the best in the world, her murky fogs for our sunny skies, and her negative calms for the healthful breath of the pine and the fir.

It is the simple truth that only a fraction of Washoe county's resources have been brought into service. She has beyond all question many valuable mines, but they are in the prospecting stage still. Vast deposits of iron lie within sight of Reno. Potter's clay makes mountains in several corners of the county. Limestone, salt, gypsum, sulphur and other common minerals are to be found in addition to gold, silver and copper. Great forests of pine and fir still abound, although equally great ones have been cut off and made into lumber and mining timbers. The enormous water power of the Truckee river, which crosses the county, has hardly been measured, much less used. It falls from ten to forty, and even sixty, feet per mile, and in many places can be carried up so as to give a head of fourteen or fifteen feet by 1,000 feet of canal, thus furnishing a water power of from 100 to 200 horse power at a trifling expense. That its banks will some day be lined with quartz mills, woolen factories, wood-working machines, paper mills, and similar enterprises, goes without saying.

But the surest source of wealth has not been mentioned. The capacity of the mountains surrounding our fine valleys for artificial lakes, is enormous, and while the wasteful use of water will be succeeded by an economy which will spread the present supply over double the surface now irrigated, it will be supplemented by an equally large amount when all the reservoir sites are used. Dozens of dams, of various sizes, can be constructed at reasonable cost, and then the Spring floods which now tear their way down the mountain sides and through the valleys will be stored up to be drawn upon in July and August when they are needed. These additions to the meadows and grain fields already cultivated will influence the climate and increase the natural moisture sufficiently to make grain growing profitable without artificial irrigation. This is possible now in many favorable spots, and is quite common in the large country lying between the overland railroad and the Oregon line, and it will be universal on land lying within twenty miles of the Sierra Nevada's within a score of years. With Summer following and Fall sowing Washoe county lands are surer of a crop than Colusa county, or the west side of the San Joaquin. The markets will always be the highest in the country, because wheat cannot be shipped in without a big freight rate, and the domestic market cannot be overstocked. Home mills grind up all the native wheat, besides shipping in from California constantly, so there is no danger from overproduction.

Neither are the brown hills and dry plains of Washoe county without their value. Even while waiting for a better water supply they furnish subsistence for thousands of cattle and hundreds of thousands of sheep, which by the ease with which they are maintained, and the trifling cost of marketing them, rapidly enrich their owners. It is as a place of residence, however, that Washoe

county towns, particularly Reno, appeal to those seeking a change. No place in the world has more sunshine or can record a greater number of clear days every year. The Winters are as lovely as the Summers, not in the sense that there is no frost, but in the absolute freedom from intense cold, and elusory storms of sleet or hail. December and January are as bright as August, and are usually free from snow. The nights are cold, and the frost sparkles crisp and lively in the mornings, but without the mornings are beautiful, and a buggy ride or a walk is always enjoyable. As a sanitarium it is doubtful if it can be excelled. Mineral springs, well-fitted up for steam or hot water baths are found in several parts of the county, and the air is a specific for asthma. No case of acute or consumption was ever known to originate here, and the health of the inhabitants is the best proof of the excellence of the climate. As a mirth-loving lady one day remarked: "It is so healthy here that it is positively vulgar."

In the matter of markets for table fruits and vegetables, Western Nevada is as much ahead of the world as it is in climate. The berries, apricots and peaches of New Castle and Sacramento are loaded on the cars at eight or nine at night, and delivered at Reno at daylight next morning. Their first crop is soon gone, and then the Washoe county crops in, with plenty for home use, but none for California or the East, so that for nearly the whole Summer the people of Washoe enjoy luxuries which are only had at short seasons elsewhere. In the substantial no county has such quantity and quality at anything like the price. Washoe apples, potatoes and wheat took prizes at New Orleans from the whole earth. The English claim that roast beef conquered the world; the Irish claim that they built the railroads and canals of Christendom, and got their support from a potato diet. If we raise the best beef and the best potatoes in the world, what more need be said.

A MINING SUIT SETTLED.—The suit of C. W. Friend, administrator of the estate of James Kinkead, deceased, vs. Pyramid Lake Mining Company has been amicably settled. The action was to revive and foreclose a mortgage given by the J. & K. Mining Company (now the Pyramid Lake Mining Company) to James Kinkead, deceased, for an amount running into the thousands. By the terms of settlement the owners of the mortgage have received in full satisfaction of their claim one-fifth of the capital stock, 20,000 shares. The stipulation was filed in Carson a few days ago and was authorized by Judge Risling. The suit having been brought in this county the papers were sent here in order that judgment could be entered.

Charles Pegler and Frank Seibolt were convicted of vagrancy by Justice Young yesterday and each will serve the county in the chain-gang for the next thirty days.

Bringing Gladness

To millions, pleasing their palates and cleansing their systems, arousing their Livers, Kidneys, Stomachs, and bowels to a healthy activity. Such is the mission of the famous California liquid fruit remedy, Syrup of Figs. Sold by Wm Pinniger, Reno.

Skepticism.

By reason of the state of chronic incredulity in which many men pass their lives they miss half the good of this world. They seem to think that doubt and unbelief are proofs of wisdom, and through fear of being deceived reject much that is true and good. To such minds, the statement that Dr. Pierce's Golden Medical Discovery is a real and proven cure for all diseases caused by torpid liver, bad blood or scrofulous humors carries with it its own condemnation. They do not believe it, apparently, because we say so; and yet what more, or less, than this can we do? We know the facts, and if we do not make public the great value of this remedy few would profit by it. We try to do our duty in the matter and it remains for the doubter who needs help to overcome his prejudice and give it a trial.

Five hundred dollars reward for an incurable case of chronic Nasal Catarrh offered for the manufacturers of Dr. Sage's Catarrh Remedy.

MISCELLANEOUS.

This powder never varies. A marvel of purity, strength, and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low cost, short weight, alum or phosphate powders. Sold every where.

NEW ORLEANS, La.

I suffered with catarrh for many years and got so deaf that I went about my Museums, Circus and Theatre giving directions and doing business with a big ear-trumpet at the side of my head. It was very annoying to me and amusing to those who saw me. By the advice of physicians I sought the climate of the Sunny South. In six months I could see no change and was discouraged. At this time I began using Chalmer's English Catarrh Cure. In three months I felt a new man, in six months my hearing returned. I refused to give a testimonial at once for the English Catarrh Cure, as I feared it was not permanent. But a year and more has now passed, and I can now heartily indorse Chalmer's English Catarrh Cure for the cure of catarrh and deafness.

PLATFORM AND SOLUTIONS.

The Republicans of the State of Nevada in convention assembled again express their loyalty to the principles of the Republican party, which have made the country so great and prosperous during the last quarter of a century.

Resolved. That the question of a sufficient supply of a circulating medium to maintain a permanent range of the price of labor and property is the most important political question awaiting solution by the American people.

Resolved. That a diminishing quantity of money reduces the price of labor and property increases the obligation of contract, enriches the creditor, impoverishes the debtor, and paralyzes industry and enterprise.

Alleges industry and enterprise.
A-solved That the present financial system of the United States, which increases or diminishes the circulating medium at the pleasure of the manipulators of the National bank, without regard to the increase or population or the wants of the people, and which recognizes gold alone as the standard of value, and places in the hands of the Treasury Department all the revenue of the Government to speculate with in bonds and loan to National banks without interest, is subversive of the rights of the people, oppressive, unjust, and should be repudiated.

Resolved, That a financial policy whereby both gold and silver shall form the basis of circula-

coin, or in certificates redeemable in gold; or both, as convenience may require, is imperatively demanded.

3. That the attempt to substitute National bank notes, costing the Government millions of dollars annually, for free silver, costing nothing, is an outrage upon the people, that the money ring or trust, which has usurped the sovereign power of the Government to issue money, and which has fraudulently deceived the people and seized the revenues of the Government for private speculation, shocks the moral sense of the people and destroys respect for Government and law. We demand that this ring or trust be destroyed and equal rights restored to all people.

erful money ring which fattens the subsidies of the Government, makes war on silver, issues its paper currency at the expense of the Government, borrows the revenues raised by the Government, and uses the proceeds for the payment of its debts, contracts the currency to enhance the value of bonds, and enriches the usurers while it depresses the price of labor and property.

Resolved, That we favor the nomination of no man for President who is personally interested in National banks or the bonded indebtedness of the United States, but we demand a candidate who is free to do justice to the people, and who is as well as we the rich.

and his advisers by which they prevented a vote in the House of Representatives on the bill, and by which they prevented the passage of the bill, equate the villainy of the secret and fraudulent demoralization of silver in 1873.

II

Resolved, That we are in favor of the protection of home industry, and that the laborers of this country have a right to all the work required to supply the people of the United States, and that we are in favor of high wages in this country and that we are in favor of the workmen of this country working on the same basis as the workmen of other countries with the cheap labor of other lands.

Resolved, That the policy of the Government should be inaugurated and established by the House of Representatives, and not by the Senate, both Houses of Congress, and not by the President or the money trust, of which he, either as President or as money trust, is a part.

Resolved, That we charge President Cleveland with violating every promise he made in favor of civil service reform, with crippling the marine services, with refusing to sign necessary bills for the improvement of rivers and harbors with using the power of his Administration to prevent appropriations for a navy and coast defenses, with attempting to destroy the protection

REMARKS AND CONDITIONS.

Nominations to stakes must be made to the Secretary on or before the 1st day of August, 1888. Entries for the purse must be made two days preceding the race, at the regular time for closing entries as designated by the rules. Those who have nominated in a stake must name to the Secretary the horses which they will start the day before the race, at 6 P. M. Horses entered in purses can only be drawn by the consent of the Judges.

All horses entered for District purses must be owned and kept in Nevada and California, and in the Sierra Nevada, for six months prior to day of race.

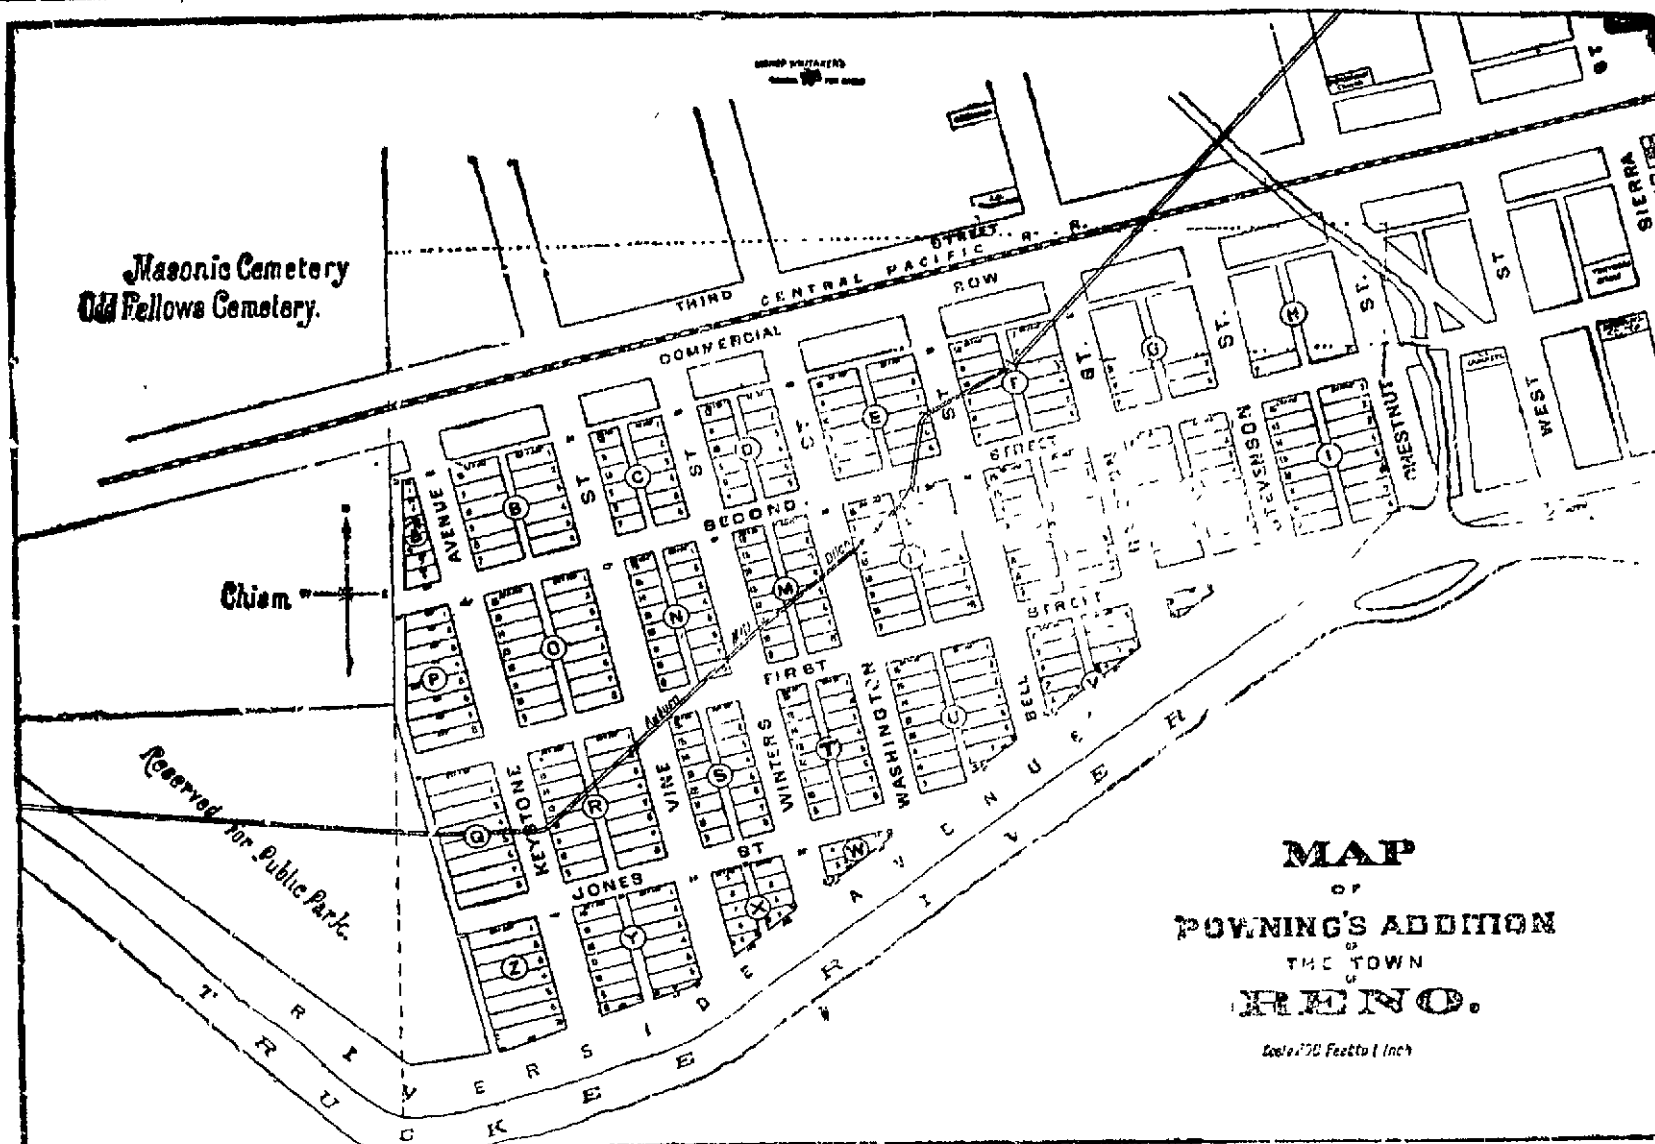

Entries to all trotting races will close August 30th, with the Secretary.

Five or more to enter and three or more to start in all races unless otherwise specified, five to enter and three to start. But the Board reserves the right to hold a less number than five to start, by the withdrawal of a proportionate amount of the purse money, and two to per cent of the purse money on company nomination.

National Trotting Association rules to govern trotting, but the Board reserves the right to trot heats of any two classes alternately, if necessary to finish and start a racing, and to trot a class of horses making a walkover shall be entitled only to the entrance money paid in. When less than the required number of starters appear, they may contend for the entrance money, to be divided as follows, 66% to the first horse, 33% to the second.

Horses that distance the field will only take first money.

In all the foregoing stakes the declarations are void unless accompanied by the money.
Please observe that, in the above stakes, declarations are not required for the first four days of the day preceding the race nor declared out by 6 P. M. of the day preceding the race shall be required to start.
Where there is more than one entry by one person in one stake, the particular horse they are to start must be named by 6 P. M. of the day preceding the race. No added money paid for a walk over.
Horse colors shall be named in entries.
In trotting races drivers will be required to wear caps of distinct colors which must be named in their entries.
Each day's racing will commence promptly at one o'clock P. M.
All entries must be directed to C. H. Stoddard, Sec. Ryer, Reno, Nevada.
The Ormsby Trotting and Thurfair, at Carson City, commences September 24th, and ends September 29th. Six days' racing, gives \$7,600 in purses and premiums for particulars address J. D. Torreyson Secretary, Carson City.
The Nevada Trotting and Thurfair begins October 2d, and ends October 6th. Four days' racing, gives \$3,600 in purses and premiums for particulars address Alex. W. Secretary, Winnemucca, Nevada.
The State Agricultural Society's built a new track, located half a mile from the town of Reno, the soil being of such a character as to make it one of the best on the Pacific Coast.
C. H. Stoddard, Secretary.

250 Beautiful Lots For Sale!

A RARE CHANCE FOR INVESTMENT AND A HOME

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Riverside Avenue Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the Tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

in comparison with that of
other cities.

REN O

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State, and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.

RENO

Reno's geographical position is excellent. It is on the line of the Central-Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with \$300,000 capital, and the First National Bank with \$200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition. The State Fair is always held at Reno.

Reno is the County Seat of Washoe County, the wealthiest county in Nevada.
